

Series ST

*Kirton ST - 3 Stage – Vehicle Wash Water Interceptor Tank
The essential part of any vehicle washing installation!*

**This product is included on the
Enhanced Capital Allowance
(ECA) Scheme's Water
Technology List**

Considering installing
vehicle washing facilities?

Then consider the
advantages of installing a
Kirton 3 Stage Interceptor
Tank.

The Kirton ST system has
been specifically designed
for vehicle wash effluents
and is extensively used
throughout the transport
industry.

BENEFITS

- Reduces pollution
- Reduces effluent charges
- Prevents drain blockages
- Free oil removed
- Packaged one piece system including covers for fast, labour saving installation
- Connection of below ground pipework to connections provided, at time of installation, enables Water Recycling System to be fitted at later date, then enables the user to effect very attractive savings in water and effluent charges, or to continue to use the vehicle wash in the event of a hose pipe ban due to water shortages
- Incorporates 26 tonne manhole covers
- Can be placed within washbay or in forecourt area
